

Biomechanical "Hunted"

Visit "[Hunted](#)" on MotoLyrics.com

[Verse 1:]

I lie here to be discovered
You step so close-I'm not there
My empty shell changes matrix
Waiting for me to come back

[1st Bridge:]

Falling faster
Than the speed of life
See the valley floor
I've got to jump to explore-I have no number,

[1st Chorus:]

Hunted
Naked
Crawling
Howling with fear

[Verse 2:]

I lie here undiscovered
You step so close I'm not there
My fingers curl like a snake
Around your foot
You're going down

[2nd Bridge:]

Strangulation
Then jugulation
You are no hunter
The vulture's circle of death-is above our heads

[2nd Chorus:]

Hunted
Naked
I'm howling at the horror of life
Is there a hiding place?

Middle 8

I've got nothing left to live for
But I cannot die
Unseen powers help me
When I try to fall I fly

The eastern skies are now aflame-my domination ends

[3rd Verse:]

One single thought
Has brought you here
My heat-seeking
Kilo-hex it will devour you
A monstrous body
Burned to the embers
Your soul
