"Long Time Dead"

I rise again
Clawing at the veils
Awakening my thoughts
To what has never been

I'm reaching out
Blinded by the darkness still...
I feel what truth is left for me

Unending dreams

Beyond where I have been, just lies deceit

Unspoken words now told
And so the truth reveals

..."Fight this fear
Infuse the lies"...

"... break the fear
Unleash the lies..."

For what I am
Eternal hate can never break me inside I'm alive
Condemn my heart, condemn my soul
But feel the light pulsating me alight
Now I know, yes I know
I've been a long time dead

Un recognised
Always I've been there
Unseen I walk through the recollections once again

Un-compromised
Not bound by worlds of the enslaved
Unnamed I rules the darkest skies
... that now imprison me

For what I am
Eternal hate can never break me inside I'm alive
Condemn my heart, condemn my soul
But feel the light pulsating me alight

Now I know, yes I know
For what I am is what I am
I've never been I've never breathed
I've been a long time dead

For what I am
Eternal hate can never break me inside I'm alive
Condemn my heart, condemn my soul
But feel the light pulsating me alight
For what I am is what I am
Eternal hate can't break me
Condemn my heart, condemn my soul
But feel the life pulsating

For what I am is what I am
I've never been I've never breathed

Throughout my life
I've always known
The poisonous lies
I've been fed through intravenously
My very soul instills
The fear of a long time dead
