Afflictions penetrate the skin,  
Infections preying from within,  
Turn your face displace the sin try  
To placate your fear.  
Of sick and decadent design,  
Figments falling out of line,  
Turn your eyes away in vain,  
Spectral tirade turns you

Ignorant, innocent, insular,  
Achieve the impossible  
Ignorant, innocent, insular, Repent

All we are masters of denial,  
Remain silent in revile,  
Restrain the pull to end it all.  
Blind to the evil see  
Our nightmares trapped  
Behind a screen, Omni-present but  
Unseen, rip the power off but  
Still dreads remain.

I will be there, will not break  
Until all the walls go down  
And witness all those that we have lost  
They will rise from the ashes of  
The Unseen

Corruption tearing at the strain,  
Visual carnage through the vain,

Left with thousands to decay,

The unseen become evident  
A plague of truth can break the will,  
It takes your blood just to reveal,  
For the life you thought you had,  
Can never be the same.

Displace the sin  
Witness  
Break Through The Skin

Infect

Witness the walls go down  
Grind them down
