Just turn to dust  
Leave if you must  
But keep the light on

Don't get me going all day  
You know what I bring  
But I need to find it

Points, I believe have been made

And I don't wanna be  
Your anodyne  
I don't think anyone else  
Knows this side of you  
Your anodyne  
As part of your charm  
I sound the alarm

We only would hear  
Or care to be near  
What felt like a movie

As you walked by the arcade  
A piano man made played  
That didn't move me

????

And I don't wanna be  
Your anodyne  
I don't think anyone else  
Knows this side of you  
Your anodyne  
Well we were the best  
We need a rest from

Everything was prearranged  
From a portrait you have in your mind  
You ???? me from memory  
Portrait in a frame for all to see  
But it all just fades away

Points, I believe have been made

Yeah I don't wanna be  
Your anodyne  
I don't think anyone else  
Knows this side of you  
Your anodyne

It all fades away  
Yeah it all just fades away  
And it fades away  
And it fades away  
And it fades away
