(Intro)

DJ Stevie J

YMCMB

Rich Gang

We know we fuck with the ladies too

(Hook)

See we ain't got much in common

So we don't do that much talking

Sometimes it feels so awkward

She watch me take a shower

I asked her why she didn't join me

She said because you didn't ask me

I said damn, I didn't think I had to

Then she take off my towel, I-I take off her blouse

I tell her that that pussy for me

Just in case she thought it was ours

And she say cool

(Verse)

And if you like it I love it

If she like it I love it

See we ain't got much in common

So we don't do that much talking

Coz every time she try to tell me something

She open up her mouth and I stick my tongue in

She got a piercing in her vagina

A skirt with nothing under

And she say when she don't see me, she feel like

Stevie Wonder

(Bridge)

That's when I said

Work, work, work

If you want that purse, skirt, shirt

And she made me cum 100 times

She made me cum 100 times

She got that work, work, work

I say you my bitch now

I'm calling you first

And then made her cum a 100 times

She kinda green but I'm color blind

(Hook)

See we ain't got much in common
So we don't do that much talking
Sometimes it feels so awkward
She watch me take a shower
I asked her why she didn't join me
She said because you didn't ask me
I said damn I didn't think I had to
Then she take off my towel and I take off her blouse
I tell her that that pussy for me just incase she thought
it was ours
And she say cool

(Verse)

Uh I like that shit
And she bite that lip but she like that dick
Oooh I like that shit
And she bite that lip don't fight that dick girl... girl
Fuckin wit you well I'mma need another shower, I'mma
need another shower
Can you help me take another shower
Then we gonna make each other shower
There's steam in the air fog everywhere
She can get her hair wet coz it's her real hair
I be like Hell Yeah and she be like Fucking Right
Now she got my leg in the air
I'm pulling on her hair
And she say I can pull it coz it's her real hair
She be like Hell Yeah, Hell yeah coz I Fuck Her Right

(Bridge)

That's when I said
Work, work, work
If you want that purse, skirt, shirt
And she made me cum 100 times
She made me cum 100 times
She got that work, work, work
I say you my bitch now
I'm calling you first
And then made her cum a 100 times
She kinda green but I'm color blind

And I said I know we ain't got much in common
And we don't do that much talking
And sometimes it feels so awkward
