Look around, is this where you wanna be yeah?
This shit bigger than life
We don't gotta play around
No no no no
And when the sun comes up

We gonna be alright
Speak up on it baby
We gonna be alright
I want you to know this is big
I'm bigger than life
Bigger than life
Ow when the sun goes down
We gonna be alright
This is we I'm bigger than life

The city love me every night
And you're waving at the fans
It ain't hard to decide
She know we fly
She pick a flight in no time
I'll be by my own business
Why you busy minding mine?
You was on my level
We both cam from the ghetto
And later were separated
They hate it I'm glade you made it
When your mountain top
They say there is no where to go
But now I'll be chilling
Just look around
Perpendicular mama
Be straight forever
Her crib about an house
Now she out of town
Predicted it be better
We change we change
The game like quarters
Two dimes together
They high five until whatever
I can mention your name

But I rather keep it clever
I tell ya every letter
She just weanna chill with a star feel
Special no stressing no pressure
I'll bless you

This is we
I'm bigger than life
Bigger than life
Bigger than life
Bigger than life
This is we I bigger than life
Ow when the sun goes down
It will be this will be alight
This is we I'm bigger than life

Money on the grind
Money on my mind
Do it big time
Turn your head line
Big money nigger
Hustle hundreds nigger
Old school nigger
Hundred mill nigger
Chandelier lights Persian on the rug
For the bitch nine for the plug
Count a hundred G
Fifty on the piece
Cooking up some keys
Flip it with some Bs
Everyday the same grind
Up late nights nigger
Trying to flip mine
Born to shiner
Plaques on every shelf
Blind any weather nigger
With the Smith and West
Million on the whip nigger
Shit Gucci bag full of chips nigger
Yeah and got this game off the flow
Moving bricks on the low
Hundred Gs full of throne
Uptown off the mound nigger
Shredded down put it down
Put it in every town nigger
Big money stay popping

This is we
I'm bigger than life
Bigger than life
Bigger than life

Bigger than life
This is we I bigger than life
Ow when the sun goes down
It will be this will be alright
This is we I'm bigger than life

Smoking on the good
Killing these hoes like glare nderwood
Dreads on the wind
Blowing like ribbon
Getting money like a bitch
...God is my chauffeur
Take to my destiny
White girl black girl
I call that a referee
I'm definitely alive
Bullshit aside
Red flag in my pocket
I caught a bull's eyes
I ain't gave a fuck about
Another motherfucker every night
I pray to God that I don't kill an undercover
Word to my mother
Give the world to my mother
I swear when my mother die
That's when Imma die
Fuck bitches get money
Young money go hard skate hard
Big Bs no honey
Got that drop top Maybach
Smelling like payback

Look around, is this where you wanna be yeah?
This shit bigger than life
We don't gotta play around
No no no no
And when the sun comes up
We gonna be alright
Speak up on it baby
We gonna be alright
I want you to know this is big
I'm bigger than life
Bigger than life
Ow when the sun goes down
We gonna be alright
This is we I'm bigger than life
This is we
I'm bigger than life
Bigger than life
Bigger than life
Bigger than life

This is we I bigger than life
Ow when the sun goes down
It will be this will be alight
This is we I'm bigger than life
