You Know While Your Mother Is Cooking The Macaronni
Today I Figured Id Sit Down And Talk To You Since Your
Old Enough. You Know Its Time That You Really Realize
What This Family Is All About Cause About This Time Is
When Your Gonna Be Able To Join In And Earn Some
Real Money And Real Cash But Before You Do That I
Wanna Teach You A Little Bit About Loyalty, The Main
Name Of This Game Is Respect And Loyalty. Family Is A
Big Thing When We Do This Kind Of Business
Everything Is With Respect And When A Family Member
Gets Outta Line And Another Family Dont Like It One
Thing Leads To Another And The Next Thing You Know,
Your Gone And Then Your Just A Memory Of Me, My
Hearts Broke Then, But You Gotta Remember Theres
Always Family And Loyalty, Loyalty Is The Main Thing.
Obviously You Know I Dont Make My Money, I Dont Make
All My Cash From Uh Construction Jobs We Do And Uh
Sanitation And Private Stuff Is All Earned Money
Through The Family And Since Your Of Age Now I Think
Its Time I

Taught You What Coming Into The Family And Respect
Is All About. So The First Thing You Gotta Learn Is The
Name Respect, Tha Means You Dont Cross Nobody You
Dont Go Over The Line, Once You Go Over That Line
Theres No Coming Back Whether Youre A Member Of
The Family Or Not. Thats When People Get Whacked
And We Dont Want Nobody Whacked In Our Family So I
Gotta Teach You The Proper Way Of Respect. When
Youre Earning Money, Everybody Earns, Everybody Eats
Bread. Its All About Cash Money Thats What Its All
About Making The Money. So The First Thing Of
Business Is This, You Remember Your Name, You Dont
Forgets Your Roots. You Never Ever Disrespect Anyone
Thats Above You Especially Your Capo Especially The
Big Time Guys, Those Are The Guys You Listen To. You
Never Ever Disrespect Anyone Unless Your Told To
Unless You Get The Okay. And If There Is No Sit Down
Theres Nothing
