Cocaine nights  
Cocaine nights  
Under the neon lights  
Dreams turned to dust by a thin white line  
Cocaine eyes  
Cocaine lies  
She never cries  
But she never smiles anymore

Just another small town daughter  
Out in L A with no script  
Wound up selling flowers and blow jobs  
To fund a fix  
As she waits on a lonely corner  
For the shadow man  
She can hear her mama crying  
As she breaks her heart again

Cocaine nights  
Cocaine nights  
Under the neon lights  
Dreams turned to dust by a thin white line

Salvation is a fairy tale  
When you sin just to stay alive  
But she finds hope in a heavenly glow  
Via rodeo drive

Cocaine nights  
Cocaine nights  
Under the neon lights  
Dreams turned to dust by a thin white line

Cocaine eyes  
Cocaine lies  
She never cries  
But she never smiles anymore
