A fallen angel wakes my sleep
I open my eyes she's all over me
She's so intoxicated
She bites her lip
Unfolds her wings
oh I can't get enough
Love burning me up

Fire in her words,
Fire in her touch
The fire of her love
Is burning me up
Fire in her eyes
Fire in her kiss
The fire of love
Burning me up
Burning me up

Make up running down her face
She's pulls me in,I love how she tastes
I'm so intoxicated
I'm addicted to the love we make
Oh....I can't get enough
Love burning me up

Fire in her words
Fire in her touch
Fire of her love
Is burning me up
Fire in her eyes
Fire in her kiss
The fire of love
Burning me up
Burning me up
