Seven days & still no sun  
And there's nothing to be done  
The dark days have come calling  
I know that you don't understand  
You think of me as your superman  
This super hero is free falling

Oh I don't need this now  
Oh I don't need this  
I don't need this now

I hate the place in the space between  
The laughter and the tears  
I flicker on & then off again  
Like some hologram  
Which is all I really am  
Just watch me as I fade away  
Seven days & still no sun  
Seven days & still not done  
The dark days have com calling

Oh I don't need this now  
Oh I don't need this  
I don't need this now

I hate the place in the space between  
The laughter and the tears  
I flicker on & then off again  
Like some hologram  
Which is all I really am  
Just watch me as I fade away
