She walked through my door ran into a table  
Took off her clothes and dropped them to the floor  
She sat in my chair started flipping through the cable  
Smoking cigarettes and ashing everywhere  
It was 3:04  
When she got board

Should have hid that pistol  
As she kissed my lips  
Thrill-o-manic  
Thrill-o-manic switch  
Something deep and buried  
Baby's got a death wish  
Thrill-o-manic  
The thrill-o-manic switch had been flipped

She hit a gas station  
She pulled the gun and she robbed the place  
She didn't take no money  
Just some smokes and a beer  
She said  
"Hey man you should have seen the look your face"

Now I'm on my knees offering up confession  
The car is on the tracks completely blown apart  
Warnings signs ignored or I just didn't listen  
I swear I heard her laugh as the train whistle blew  
It was 3:04  
When she got board
