"White Noise"

The house lights dim
Base shakes the floor
Shadows appear
The audience roars
Amplifiers ring
Banging of heads
Music made to wake the dead
And right there in the middle of it all
Is my baby singing

White noise
White noise
She loves her heavy metal
So come on boys
Play it loud
She wants that
White noise

I love the girl
She loves the band
Likes to get high
And rock out in my Chevy van
And sometimes I think
I'm being used but,
I can take a little abuse
When my baby's on my shoulders
Shaking her fists to that.
White noise
White noise
She wants her heavy metal
So come on boys
Play it loud
She digs that
White noise

Sometimes I think
I'm being used but,
I don't mind a little abuse
When my baby's on my shoulders
Shaking her fists to that.

White noise

White noise
She wants her heavy metal
So come on boys
Play it loud

She wants to hear that white white white noise
She wants to hear that white white white noise
She wants to hear that white noise
