Biscuit's in the house

All right, all right

All right now now now

All right, all right

Biscuit's in the house

All right, all right

All right now

Baby, it's all right now

Check out the sound

That's bound to move body

Move to the groove that

Proves the rock party

Coming along, strong

I got nuttin, y'all

Move your butt, y'all

Here's a cut, y'all

Biscuit, the name for you to know

Straight from the new kids tour

To the studio

I carried the load on

The road for a long time

But now it's my time

To give you a high time

To make you shake things

Move, dance and lose it

You got a body that moves

Then use it

Al Capone

I'm the hip-hop heavyweight

I'm on top with a rhyme

And I'm never late

Never slip on the beat

Cause it's wicked
Grab the mic real tight
Cause it's kicking

Biscuit
I'm here to treat you right
So get hyped, y'all
It's all right, all night

All right now
Baby, it's all right now

Biscuit's in the house

All right now
Baby, it's all right now

Biscuit's in the house

I'll give you my name again
If you missed it
B-i-s-c-u-i-t, Biscuit

Kicking it hard and large
In all ages
?

Whipped up the track
And I said that I liked that
Then I flew to New York
And boom, we made contact

What we came up with
Is a killer
When I hit the stage
I get iller

I chill until showtime
You got a rhyme that's prime
Then get with mine

Static, I'll wax you like a table
Rhyme for rhyme
I'm hyped, ready and able

Biscuit
I'm here to treat you right
So get hyped, y'all
It's all right, all night

All right now

Baby, it's all right now
