Alright!  
I'm over by the water cooler  
Listen to the chatter  
While I'm working to get fired but it doesn't seem to  
matter  
When the week is nearly through  
But I find something to do  
Cause the end is coming soon  
Yeah the end is coming

Alright!  
Alright!  
Well alright!  
Alright!

Put the days together and they start to do some  
damage  
If the mean is in the middle then I know that I will  
manage  
When the week is nearly through  
I will find something to do  
Cause the end is coming soon  
Yeah the end is coming

The telephone is ringing right off the hook  
Must be one of those days where I got the shakes that  
just can't shook  
Pick up the phone and say we're alright  
Alright!  
Alright!  
Alrighty-ity-ity-ity...

And I don't wanna have to think about it  
(Why should you think about it)  
And I don't wanna have to think about it  
(Why should you think about it)  
And I don't wanna have to think about it  
(Why should you think about it)  
And I don't wanna have to think about it  
(Why should you think about it)

The telephone is ringing right off the hook must be one

of those days where I got the shakes  
That just can't shook

Alright!  
Alright!  
Alright!  
Alright!  
Alright!  
Alright!  
Alrighty-ity-ity-ity...  
Well alright!
