Girl

I'm sorry that I went away
For forever and another day
But I'm back and ready to find
If time that will take another route

I'm the begining you felt like we had it all figured out
U thought that not me I was on another route
I thought we was just kool u thought we was great
To me you was the home girl
U was thinkin soul mate
It went from bein good fun
To me being the one that starts argunemts all the time
For send me the run
I couldent face that I couldent be that
U told me u loved me I would never say it back
U held me down u helped me keep my life straight
U sacrificed your last dime ever time my bills was late
Helped me become a man
But I ain't understand
U went and fell in love that wasn't in my plan
Couldent live a liecouldent be a man
I was still a boy then couldent fully comprehend
I woulda truely lovedi would truely show it
Took us some time apart but finally I know it

Girl

I'm sorry that I went away
For forever and another day
But I'm back and ready to find
If time that will take another route

Good good bye
Good good bye
Good good bye

We've been through so much
Too much to remember
Drama afterdrama because you listen to your moma
She always in the business
That's when it turned vicious
Again another ending

Ending up in the abortion clinic
Admit it
We know we just wasn't ready
On our car ride home you cried my hands shaked
Tryin to keep the wheels steady
Rain fallin name callin arguments turned into brawlin
I would never hurt you
U tried to hurt me
U stabbed me with a kitchen knife
Like you wanna murder me
Ran and dialed 911 said it's an emergancy
Next thing I know I'm gettin cuffed by police
Back of the squad car how did things get this far
I had to run away it just get worse I stayed
I had no other choice I had to move on
But lookin back I don't know if I was right or wrong
But even though I left our love was never ever gone

Girl
I'm sorry that I went away
For forever and another day
But I'm back and ready to find
If time that will take another route

Good good bye
Good good bye
Good good bye

I was gone, and now I'm back again
Now u gotta friend, but he ain't nothin girl

I was gone, and now I'm back again
Now u found a friend, no he ain't nothin girl

I was gone, and now I'm back again
Now u found a friend, no he ain't nothin girl

I'm gone I'm gone I'm gone I'm gone
