A pink moon is out tonight
And my heart is folding over
Because i think she liked me
And i mighta had her
But he's got a real one
And mine's from the store

Why is it so lonely
In between a boy and a girl
They're so glued down
In this world
And what it means

I'm trans alla that
Gender i'm a bender
Bi bye girl

In the parking lot
Where we kissed good night
And you squeezed my hand
A little extra tight
Well i knew right then
That you felt the same
If you'd just get out
Of that boy and girl game

But you're so caught up
In your boyfriend jock
And he fits right in
And he hits the spot
But the spot you missed
Was the one of me
The boy girl wonder
