Drag King Bar  
Well I was bored with the lesbian scene  
I told myself I gotta find another thing  
So I strapped on my boots  
And I walked down the street  
And I rolled right in to the local d.k.b.  
(drag king bar, that is)

When I walked in at quarter to eight  
Well I thought that I might be straight  
At the drag kind bar last night  
It's unlike me to look at boys  
When the girls are packing toys  
I can dig that scene all right

Then across the bar  
He played the air guitar  
And mouthed those words real sexy  
It was then that I surely knew  
That this one would be a two  
If I played my cards just right

Well I was drunk and I was bored  
And he was cute so I was lured  
At the drag king bar last night  
Where all the boys are really girls  
And the fags whip out their pearls  
At the drag king bar last night

Then at a quarter to ten  
He scoped me again  
And drank his beer so sexy  
It was then that I surely knew  
That this one would be a two  
By the end of the night tonight

Then he used the line that works everytime  
He said hey is this seat taken?  
I said no he said let's go  
I said where I don't care  
I'm a scorpio

Take me home right now

Then at a quarter to twelve  
As I began to delve  
Into that drag king last night  
Well my thoughts were so strange  
Boy my luck sure had changed  
I was queen to the king last night
