Angels we have heard are high
Smoking joints up in the sky
Delusions are floating by
Paranoias running wild

Ganja
In excess aint dangerous

Angels we have heard are high
Smoking doobies in the sky
Smoked me out on sunday night
Now church really does feel right

Ganja
In excess aint dangerous

Angels smoked me out last night
After getting jesus high
He says ganja makes you strong
I say great! pass me the bong

Ganja
In excess aint dangerous

The church social was real fun
Munching down sin-a-mon buns
Boy those catholics are uptight
Glad i took this flight tonight

Ganja
In excess aint dangerous

Mother mary was naive
Baked a cake with josephs weed
She passed out then he came in
Immaculate conception

Ganja
In excess aint dangerous
