The blind space of low clouds  
The breeze that moves them  
Over my forehead/third eye  
The moon that hangs  
Half and orange

Your letter sits by my bed  
Rode all the way  
Tide-twisted from China  
Heavy in love

Your words spring toward  
My dreaming dreary brain  
I suspend your picture  
Hand's length from my heart  
Remind me to recycle  
Change my underwear  
And take in my bicycle  
For all of it's energies  
Life's lazy in love

The in and out is active  
Your letter sticks  
To never be resurrected  
My hands are glue  
The sink is the fun  
My hands are glue
