"I Lie Still"

Father wants me
Father needs me
Father on top of me
Father loves me
I lie still
I lie still don't tell my mother
I lie still don't tell my sister

I am secrecy
Father indecency
I am secrecy
Father indecency
I lie still
I lie still don't tell my mother
I lie still don't tell my sister

I want to know
How many women
He thinks he owns
I want to know
Who he lies to more
I want ot know
About the secret stale air
Trapped between them
I want to know
When the strong stuck girl
Will be released
I want to know
Wehn the strong stuck girl
Will be released
