I'm all alone, can't find a thing to do  
I can't concentrate my mind on anything but you

[CHORUS:]

In heat  
So sweet  
In heat  
Burns deep

Only been with you once, twice, maybe more  
You gave me fever, you really showed me the score

[CHORUS]

[BRIDGE:]

You rally got me hooked, I gotta have my fix  
Ooh, baby, baby, where'd you get those hot licks?  
I'm crawling to the phone, but you're just never home

I'm going up the electric wall, I gotta have your all  
Yeah, yeah I gotta have your all

[LEAD]

[CHORUS]

[BRIDGE:]

It really ain't no fun in heat like this  
Ooh, I'd give anything just to have your kiss  
The phone is ringing, ringing ringing off the shelf  
I'll just have to stalk the night and look for someone  
else
