Pulled to the limit
And I can't take the strain
The world's gone mad
And this madness will drive me insane
I can't take this pain!

Signals are crossed
I don't know what to think
Confusion and chaos
Are driving me over the brink
And I need a drink!

You're waiting, waiting for death
Waiting, waiting for death

Trapped in the rat-race
And I'm playing their game
But I'll keep on fighting
'Cause I'm never gonna be tamed
I won't be tamed!

If you know the truth
Don't swallow their lies
Ignore what they tell you
And learn to believe your own eyes
And not their lies!

You're waiting, waiting for death
Waiting, waiting for death

Pulled to the limit
And I can't take the strain
The world's gone mad
And this madness will drive me insane
I can't take this pain!

Signals are crossed
I don't know what to think
Confusion and chaos
Are driving me over the brink
I need a drink!

You're waiting, waiting for death
Waiting, waiting for death
