Don't wanna give  
Don't wanna steal  
Don't wanna be anything I'm not  
You take answers  
I give questions  
Like some rolling monologue

Wanna be the one to say  
That today could be the day  
A pity to believe in what  
You know is what you know

I will take you as you are  
Please accept me as I am  
Find your lonely life design  
Know it's above you, I know it's below me

Don't wanna live life in your shoes  
I don't feel I know the way  
Feeling you, giving me directions I don't need  
Up and up and round we go  
First it's fast and then we're slow  
Could you connect with my intellect

I won't take you as you are

Please don't take me as I am  
Find your lonely life bizarre  
You'll see this in love  
You'll see this in life

For an all year round reception  
For a love with no connection  
Knowing you, knowing my  
Ignorance to more than life

Know it's above you, I know it's below me

I will take you as you are  
Please accept me as I am  
Find your lonely life bizarre  
Know it's above you, I know it's below me

I will take you as you are  
Please accept me as i am  
There'll be something in the wind  
To show us we're right and tell us we're wrong

I want to move on
