All possibilities  
Are landing at my feet  
There's nothing I can see  
But possibilities

All colors are changing in my eyes  
Your hopes are all fading, that will never do  
You're seeing the world through cynical eyes  
I'm seeing the world through the eyes of somebody  
new

Oh there's a hope left  
There's a dream still in my heart  
Look past the answers  
There's a chance that there's no rule book for this love

All possibilities  
Are landing at my feet  
There's nothing I can see  
But possibilities

All the colors are changing in my eyes  
Your hopes are all fading, that will never do  
You're seeing the world through cynical eyes  
I'm seeing the world through the eyes of somebody  
new

Oh there's a hope left  
There's a dream still in my heart  
Look past the answers  
There's a chance that there's no rule book for this love
