Please, don't leave me, wanting more
I hope you never die
There's no need to say, why
Promise that you'll, try

To give me all you can
I'll never ask for more
There's new life through the door
A cradle rocks and falls

As new fruit fills the tree
Cements the melody
To signify we're free
Our troubles passing

Through decaying, simple times
I'll tread your trail with pride
C'est maintenant decide
I've nothing better

Please, don't leave me, wanting more
I hope you never die
There's no need to say, why
Just promise that you'll, try
