Been feeling high
Then feeling low
Strap your hands across my engines
I'm not a broke so please don't bend me

Your like neon sign
Just burn so bright
Penetrates like an infection
Gives me feeling I can't mention

Maybe all I need
You need to
Don't wait for me
I'll wait for you

Gonna follow you around
Gonna wear you down
Don't want to alienate you
As long as it might take you

Things come in ones
And double up to twos
Don't want to rain on your possession
Only seeking you obsession

It might take a little time
Got all the time we need
I'm not here to try and fool you
Just trying to break down thru you
That's wasn't right
Then nothings wrong
I've gotta feeling it's alright
Gotta keep you in my sights
