Ooh, ooh  
Ooh, ooh

I don't know where this began  
Don't know how it will end  
And another day gone

Ooh, ooh

If you welcome me to your world  
If you welcome me to your world  
I won't throw it all away

Ooh, ooh  
Ooh, ooh

Wider than a smile  
The truth can be unkind  
To take the only one  
You thought you were someone

No apologies  
I live the life I lead  
I hope you understand  
That none of this was planned

If you welcome me to your world  
I won't throw it all away

If you need me now, I'd do anything  
If you need me now, it'd mean everything

Yes I've seen a rainbow  
And I've felt the rain  
Woke up to a sunrise  
And I felt the pain

I've seen it all somehow  
Let's just look at us now  
Let's just look at us now
