I'll leave you now,  
In safe hands,  
Cool your soul,  
It's love still stands,

But failing that,  
Just cool down,  
Wouldn't you love to make it,  
Is this real or am I just imagining?

With wings take flight,  
The rose of why,  
And with that rose,  
The case is closed,

But I need you now,

To help me somehow,  
Well I'm scared to face it,  
This final kiss,  
But I know you'll remember it,

You gave your best to me,  
Allow yourself to be free,

It raids your memory,  
Still I'm sorry for failing,  
A time for change,

Well I need you now,  
To help me out,  
Well I'm scared to face this,  
A final kiss,  
But I know you'll remember it.
