This would be easier if you'd understand
Face the truth and realize
That none of this was planned
The way we worry about such little things
Take the time to take the break
Darling, spread your wings

I stole all the roses that make your crown
And now it's easier
To just put aside the things that face us now

Strange when something comes from nothing
I came around to your way
Of thinking about these things
Saw your face in a crowd
I knew that you were special
And it would change my world
If I could help you now

But nothing's gonna change your mind
And no one's gonna help you now
If nothing's gonna change your mind
Then no one's gonna help you find
Your place in this world
So strange, we don't need a help, you know

Well, let's dance to the beat of the drum
Let's go out, where we don't know anyone
'Cause it's you, I don't need anyone else
I've got you, I don't need anyone else but you

Well, you know where you will find me
In a time, in a place
Where the world doesn't feel so strange
I'd like to think there's a chance
Just knowing that I love you
And you would feel that would be
Enough to make you change

And nothing's gonna change your mind
And no one's gonna help you now
If nothing's gonna change your mind

Then no one's gonna help you find
Your place in this world
So strange, we don't need a help, you know

Well, let's dance to the beat of the drum
Let's go out, where we don't know anyone
'Cause it's you, I don't need anyone else
I've got you, I don't need anyone else but you
You, and no one could ask for more

But nothing's gonna change your mind
And no one's gonna help you now
If nothing's gonna change your mind
Then no one's gonna help you now, now, now
