One, two
One, two, three, four

You squeezed the life right out of me
Like sapping the juice of a bumble bee
And then you call me honey
You say it once and it isn't funny
When you say it again

Now inside there's a style
Goin' on
A head full of dreams
Only room for one

Now I know you can live without me
But I've no doubt that you'll
Never doubt me
Like you did before

And we're pumpin' our love
Into the sea
I'm full bodied
And burstin' with energy
Cold blooded your engines are runnin'
But where you're goin', I'm not comin'
'Cause I'm happy here
Happy here

Say it again
Say it again

Now we've found a rock steady beat
Now all we need is a melody
And words that mean somethin', nothin'
So people hear and sing along, until they

Say it again
Say it again

If there's trouble ahead
Don't be bothering me
With no future

I live on memory
Dried of thoughts, but my nose is running
Say what you think, but I know I'm funny

I'll say it again
Say it again

Say it again
Say it again
Say it again

Just say it again
Say it again
Say it again
Say it again
