Come, see, what we all talk about
People movin' to the moon
Stop, baby, don't go, stop here
Never stop livin' here

Till it eats the heart from your soul
Keeps down the sound of your
Silent sigh, silent sigh, silent sigh
Silent, silent, silent

Keeps down all, move me down
Could we love each other?

Come, see, what we all talk about
People movin' to the moon
Stop, baby, don't go, stop here
Never stop livin' here

Till it eats the heart from your soul
Keeps down the sound of your
Silent sigh, silent sigh, silent sigh
Silent, silent, silent

Keeps down all, move me down
But don't love each other
No, don't love each other
Never gonna be the sound, get it on

See, si, see, si
See, si, silent, silent
Silent, silent, silent, silent
Silent, silent

Please don't, all move me down
Silent, silent, silent
Silent, silent sigh, silent sigh
Move me down, we're gonna love each other
