faith pours from your walls drowning you calls  
i've tried to hear you're not near  
remembering when i saw your face  
shining my way pure timing  
now i've fallen in deep slow silent sleep  
it's killing me i'm dying

to put a little sunshine in your life

soleil all over you warm sun pour over me  
soleil all over you  
warm sun

no thins slick fallen rift  
came like a gift  
your body moves ever nearer  
and you will dry this tear  
now that we're here and grieve for me not history  
but now i'm dry of thoughts wait for the rain  
then it's replaces sun setting

and suddenly we're in love with everything

soleil all over you warm sun pours over me  
soleil all over you  
warm sun
