Tonight i feel no pain
your gonna feel the same
But life in the rain

They all la la
Say you love me

You are, i love you so
You are gonna love you too

They all la la
Say you love me

Sister, love me
Don't love me like you do
Just love me like you do
Sweet child love me like you do

They all la la
Say you love me

You are, i love you so
You are gonna love you too

They all la la
Say you love me

Yeah, yeah yeah

You came along and really gave me something
I don't even think it amounts to nothing
I don't wanna let it slip away

You came along and really gave me something
You might even think it amounts to nothing
I don't wanna let it slip away
I don't wanna let it slip away

Slip away

You came along and really gave me something

You might even think it amounts to nothing
I don't wanna let it slip away
I don't wanna let it slip away

Slip away
Yeah yeah yeah
