I remember everything you said  
From the beginning up until the end  
So wrapped in jelly we forgot about our friends  
Oh

(Chorus x2)  
Where do we go  
Come high come low  
Where do we go  
I was up and now I'm cold

I have something to confess  
A recollection of cloudiness  
Subdued, a symphonic bitterness  
Oh

(Chorus x2)

The rivers running narrow  
Liquid lightning wakes up slow  
It's so hard when you're up and ready  
And you have nowhere to go

I'm fluent in persistence  
Relentless because I don't bend  
I acknowledge your resentment  
And I'm punished been misrepresented

(Chorus x2)

Where do we go  
Where do we go  
Where do we go  
Where do we go

I'm cold, so cold  
Where do we go  
Where do we go  
Oh oh
