Mom says Not to date her
Her friends say it's a mistake
But somehow it's a mistake I'm willing to make

Hide the phone calls
Keep things undercover
no one can know about our secret love affair

Cause if it was up to them we'd be on two different
parts of the world, separated by the wind and the sea
but what they don't know we're the shortest kept lie
just you keep on loving me!

Cover up your perfume from a late night out

Wipe the grin off my face
don't let them find out

That your the reason
for the brightness in my smile
Lip gloss on my lips and my messed up hair

So what they think is all wrong
I'm living a lie, so what? I'm with you
They think I'm hanging with the guys

Don't worry(don't worry), We'll tell them(we'll tell
them)..
Maybe when we're married...
So till then we'll be the shortest little lie
