Well I've been here before
I think I'm pretty sure
It's not just the matters of high's and low's
Please don't be shocked
Of what's behind the door
Coz maybe it just the matter of truth and fraud
Oh my... What is it I've been trying
Yes I was here before
And I'm very sure
From far I saw your big head walks you through the
door
I sit down and I was pretty shocked
I think I used to be here just like before
Oh my... It just so ah...

You burn it down
Burn it down burn Berlin down to the ground
Burn it down burn Berlin down
Down to the ground

You can just choose a job
At least a proper job
Or you like it just the way it used to be before
Be what you want what is it that you want
It doesn't really concern me I mean really at all
Oh my...

What is it you've been trying... to prove eh lads?
This is the real life
No matter how you want it to be said and done
Please don't be shocked of what's behind the door
Really, it's just the matter of truth and fraud
Oh my... It just so ah...

You burn it down
Burn it down burn Berlin down to the ground
Burn it down burn Berlin down
Down to the ground

You had burnt her down
And now you go with no destination
Like there's no hesitation

My... You burnt her down
You had burnt all her imagination
Kills all her conversation
Turns up like a combination
A perfect combination
Why... You burnt her down??
