Why, oh why, why do you act this way?  
Don't you see, you're making a very big mistake?  
Swallowed up your pride, to take a bite of someone you  
lost.  
Such a sad demise. What can I say?

Wake up, and smell all the roses  
It will be better, you will see  
How it is that your neurosis, isn't good for you or me.

My advice would be to take a bath  
Wash off all that greed and those dirty deeds from  
your past.  
You said that we were friends  
And then you put a gun up to my head,  
Tried to make amends,  
No, not today.

Wake up, and smell all the roses  
It will be better, you will see  
How it is that your neurosis, isn't good for you or me.

Baby, baby, you're so demanding  
Go find a cure, I'll give you my blessing  
An apple everyday won't be enough to keep Doctor  
away  
From your mental state, farewell 'till then

Wake up, and smell all the roses  
It will be better, you will see  
How it is that your neurosis, isn't good for you or me.
