(Verse 1)

I want to hold you and care for you just like I would if  
you were mine I want to kiss you and love you and just  
be with you like a girl who's found true love

(Chorus)

I keep lookin' around but you're the only thing I see  
everywhere especially on magazines I feel so invisible  
like we've never met 'cause every time I see you;  
you just walk right past me but still baby you've stolen  
my heart

(Verse 2)

I've always felt babe that you'd be mine someday  
but lately that dream's falling apart. Why do you stay  
with her, Even though she's just dating you for your  
money? Don't you see that I am tired of waiting I said  
you'd stolen my heart but now you are giving it back  
oh please don't give it back. Have I just wasted my  
time or is it my time to steal your heart too.

(Chorus)

(Verse 3)

Sometimes I try to look for other guys but there is no  
one out there for me but you. You say that you're  
alone and that you've got nowhere to go well baby  
come to me I'll give you a home right here in my heart  
baby please just let me love you I'll give you the love  
she never gave please let me say I've stolen your  
heart 'cause

(Chorus)

(Verse 4)

Baby there is one thing you haven't done just tell me  
you don't care for me and I'll leave you alone and  
my heart will be without a home just say you don't  
love me and I'll leave

(Bridge)

(Guy) Wait don't leave now I can't breathe without

you here there is nothing left to say but I love you so  
don't go no not now

(Girl)

But I thought I was invisible to you I thought you'd  
seen right through me and I told you before that  
you'd stolen my heart but you just ignored me

(Guy)

Yes I know but I've thought long and hard and I have  
to say that you have stolen my heart too and I am sorry  
if I ignored you

(Both)

I love you ohhh ohhh
