Dance with me across the ocean floor
Sail away to heaven's open door
Step right up you're the next contestant
In this sweet charade
Take a number, wait while I twist your fate

On the mating game
Mating game

Hold me close enough to drink my rose
The devil in my pocket turned to gold
Sorry to warn you, you're in a daze
Tonight I'll love you, but tomorrow go away

Step right up who's the next contestant
In this sweet charade?
Take a number, wait while I tease you sane

On the mating game
Mating game
