Give me something to define
Am I a victim of you?
Just tell me the truth, cuz this doesn't feel right

I'm bending over backwards babe hoping that you'll
say
Anything to keep me here
But you're pushing me away
Oh, you're pushing me away
(Move on in, come up closer, We'll ride the stormy
roller coaster)

Take note, this is for real
I'm waking up from this sleep, you're making me weep
Something just has to change

And I can't afford to question every time you show up
late
I'm tired of always fighting babe
And you're pushing me away
Oh, you're pushing me away
You're always pushing me
(Move on in, come up closer, We'll ride the stormy
roller coaster)

What's the point if my soul is dying?
Life is short and I'm all done crying
I've waited for you to be inspired
Now I'm moving, moving, moving on

I'm bending over backwards babe hoping that you'll
say
Just anything to keep me here
But you're pushing me away
Oh, you're pushing me away
You just keep pushing me
(Move on in, come up closer, We'll ride the stormy
roller coaster)
Oh, you're pushing me away
You just keep pushing me
(Move on in, come up closer, We'll ride the stormy

roller coaster)
You're just pushing me away
You're just pushing me
(Move on in, come up closer, We'll ride the stormy
roller coaster)
You keep pushing me away
Oh, you're pushing me
(Move on in, come up closer, We'll ride the stormy
roller coaster)
You're pushing me away
You're pushing me...
