Oh I can't believe it you aint gonna be there because I
didn't treat you good
I hate myself for cheating my heart just starts bleeding
I don't want you to leave for good
How could I let you go, girl you is like my flow
I can't live without no must feel so dish right now
How could I be so blind enough is enough this time

I saw an angel she was right there in front of me
I saw a princess she was right there in front of me
How could I let her go (3x)

I saw an angel she was right there in front of me
I saw a princess she was right there in front of me
How could I let her go (3x)

So I pull can't stop can't let go
Bet around and letting you go
So I watch on the sidelines can't roll

Can down but will not flow
My hands all loose but reaching
People say they see cuff bleaching
I feel ashamed of being the person that I am

Oh I can't believe it you aint gonna be there because I
didn't treat you good
I hate myself for cheating my heart just starts bleeding
I don't want you to leave for good
How could I let you go, girl you is like my flow
I can't live without no must feel so dish right now
How could I be so blind enough is enough this time

I saw an angel she was right there in front of me
I saw a princess she was right there in front of me
How could I let her go (3x)

I saw an angel she was right there in front of me
I saw a princess she was right there in front of me
How could I let her go (3x)

Oh I hate myself for cheating you

I hate myself for leaving you
I hate myself for treating you bad, so bad

Oh I hate myself for cheating you
I hate myself for leaving you
I hate myself for treating you bad, so bad

I saw an angel she was right there in front of me
I saw a princess she was right there in front of me
How could I let her (3x)

I saw an angel she was right there in front of me
I saw a princess she was right there in front of me
How could I let her (3x)
