Got all the money in the world
But I can't buy myself out of this state of mind that I'm
in
I got the best girl in the world
But the love we make wont shake or take away this
stress I feel

Cause everything that glitters really aint gold
Said it's all smoke and mirrors
I'm telling you it really aint so
The one thing that matters is a piece of mind
Though I never let you in before now
But since I got time to say what's on my mind

So what you wanna know yeah I got dough
I'm a real man so I still got problems
But when I'm all alone or when I get home
Like a ball in the hole I hit rock bottom
The cards I was dealt material wealth
I say to myself I got em
But when I'm all alone and when I get home
I hit rock bottom

I hit rock bottom
I hit rock bottom

The world aint what it used to be
Cause everything that was affordable is now a luxury
How do we expect the kids to dream
Tell me when there's a life their seeing there... ?

Told you that everything that glitters really aint gold
Said it's all smoke and mirrors
I told you it really aint so
The one thing that matters is a piece of mind
Though I never let you in before now
But since I got time to say what's on my mind

So what you wanna know yeah I got dough
I'm a real man so I still got problems
But when I'm all alone or when I get home
Like a ball in the hole I hit rock bottom

The cards I was dealt material wealth
I say to myself I got em
But when I'm all alone and when I get home
I hit rock bottom

I hit rock bottom
I hit rock bottom
I hit rock bottom
I hit rock bottom

Told you that everything that glitters really aint gold
I said it's all smoke and mirrors
I told you it really aint so
The one thing that matters is a piece of mind
Though I never let you in before now
But since I got time to say what's on my mind

So what you wanna know yeah I got dough
I'm a real man so I still got problems
But when I'm all alone or when I get home
Like a ball in the hole I hit rock bottom
The cards I was dealt material wealth
I say to myself I got em
But when I'm all alone and when I get home
I hit rock bottom
