Everybody is talking about the girl
Who went and killed the delivery man
But she looks so kind and gentle
It just doesn't stand to reason

I saw her right there just the other night
As stately as a slot machine
But when she looked my way something mad
As hell came over me

Anesthesia, Mona Lisa, I've got a little gun here comes
oblivion
I never loved you, how did you find me?
The cops will never prove complicity now, Anna
(One, two, three, four, five, six, seven, eight)
All good children go to heaven

I remember your face that August night
When we lied about the beautiful time to come
And that crazy old man who came much to late
And caused a chain reaction

I've been hanging out there for eleven long years
Like a church mouse wondering where the cat has
gone
And looking at you now
Is driving me to distraction

Anesthesia, Mona Lisa, I've got a little gun here comes
oblivion
I never loved you, how did you find me?
The cops will never prove complicity now, Anna
(One, two, three, four, five, six, seven, eight)
All good children go to heaven
