I'm sorry about the sun  
How could I know that you would burn?  
And I'm sorry about the moon  
How could I know that you'd disapprove

And I'll never make the same mistake  
The next time I create the universe  
I'll make sure we communicate at length  
Oh yeah

But until then, better off dead  
A smile on the lips and a hole in the head  
Better off dead, yeah better than this  
Take it away, 'cause there's nothing to miss

I'm sorry about the world  
How could I know you'd take it so bad?

And I'll never make the same mistake  
So if you're looking for a patsy  
Why not try the entire human race

Just to play it safe?

But until then, better off dead  
A smile on the lips and a hole in the head  
Better off dead, yeah better than this  
Take it away, 'cause there's nothing to miss

Better off dead, yeah better off dead  
Why don't you try pushing daisies instead?  
Better off dead, yeah better off dead  
A smile on the lips and a hole in the head

And I'll never make the same mistake  
The next time I create the universe  
I'll make sure you participate  
Oh yeah

And I'll never make the same mistake  
The next time I create the universe  
I'll make sure you participate

Just in case
