Everybody needs a slogan in their pocket or two
It never hurts to have a strategy you can go to

Sometimes I have no sense at all
As most flawed men are won't to do

Just say fuck you
Pavlovian rude
A menace too
Pay homage to
Your bad attitude

You can even get cerebral if you want to
Make a radical assessment that sticks like glue

Sometimes it takes no thought at all
The easiest thing to do

Is say fuck you
Pavlovian rude
A menace too
Pay homage to
Your bad attitude

The reaction it brings, just one of those things
Your friends might not want you around
If the impulse is right you might get in a fight
Even though you can't hold your ground
But all rest assured, sometimes just a word
Is the most satisfying sound

Sometimes it makes no sense at all
The easiest thing to do

Is say fuck you
Pavlovian rude
