Hey, brother Christian with your high and mighty  
errand  
Your actions speak so loud, I can't hear a word you're  
saying  
Hey, sister bleeding heart with all of your compassion  
Your labors soothe the hurt but can't as wage  
temptation

Hey, man of science with your perfect rules of measure  
Can you improve this place with the data that you  
gather?  
Hey mother Mercy can your loins bear fruit forever?  
Is your fecundity a trammel or a treasure?

And I wanna conquer the world  
Give all the idiots a brand new religion  
Put an end to poverty, uncleanliness, and toil

Promote equality in all of my decisions  
With a quick wink of the eye  
And a God you must be joking

Hey mister diplomat with your worldly aspirations  
Did you see your children cry when you left them at the  
station?  
Hey moral soldier, you've got righteous proclamations  
And precious tomes to fuel your pulpy conflagrations

And I wanna conquer the world  
Give all the idiots a brand new religion  
Put an end to poverty, uncleanliness, and toil  
Promote equality in all of my decisions

I want to conquer the world  
Expose the culprits and feed them to the children  
Do away with air pollution and then I'll save the whales  
We'll have peace on earth and global communion

I wanna conquer the world  
I want to conquer the world  
I wanna conquer the world  
I want to conquer the world!
