Let your mind wander look beyond the shadows
Focus on the skyline read the silhouettes
Your deepest desires are a picture of tomorrow
All your darkest fears are just a vestige of regret

And it's woh ohh ohh ohh
It seems like such a long way to go
As obstacles get bigger, prevailing winds blow
stronger
And the fire continues to grow

Don't let shallow water limit your perception
Heed the new horizon muster to it fast
The moments of your yesterdays
Are in the wake behind you
You can't assess the future if you're living in the past

And it's woh ohh ohh ohh
It seems like such a long way to go
As obstacles get bigger, prevailing winds blow
stronger
And the fire continues to grow
The fire continues to grow
Keep it strong

If you are committed to a life of understanding
Then there's no agenda for vengeance in your life
Sharpen all your senses face the opposition
You can overcome with fortitude and mental might

And it's woh ohh ohh ohh
It seems like such a long way to go
As obstacles get bigger, prevailing winds blow
stronger
And the fire continues to grow
The fire continues to grow, the fire continues to grow
In your soul so be bold, let it grow

Don't let it die
Let it burn
