One two three four

There's a watch in my pocket and its hands are broken  
The face is blank but the gears are turnin'

(Confusion)

Is a fundamental state of mind  
It doesn't really matter what I'm figurin' out?  
I'm guaranteed to wind up in a state of doubt

And sanity is a full time job  
In a world that is always changin'  
And sanity is a state of mind  
That you believe in sanity

There's a shadow on the wall where the paint is peeling  
My body's moving forward but my mind is reeling

(Depression)

Is a fundamental state of being  
It doesn't really matter how my day has turned out?  
I always end up living in this world of doubt

And sanity is a full time job  
In a world that is always changing  
And sanity will make you stop it  
You believe in sanity

And sanity is a full time job  
In a world that is always changin'  
And sanity is a state of mind  
That you believe in sanity
