Well am I making haste or could it be haste is making  
me  
What's time but a thing to kill or keep or buy or lose or  
live in  
I gotta go faster  
Keep up the pace  
Just to stay in the human race

I could go supersonic  
the problem's chronic  
Tell me does life exist beyond it  
When I need to sate  
I just accelerate  
Into oblivion  
Into oblivi yah yah yah yah yah yan

Now here I go again  
everything is alien  
How does it feel to be outstripped by the pace of  
cultural change  
My deeds are senseless  
and rendered meaningless

When measured in that vein

I could go supersonic  
the problem's chronic  
Tell me does life exist beyond it  
When I need to sate  
I just accelerate into oblivion  
Into oblivion

I won't lie  
it's exciting  
When I try  
to decide things  
I just want to live  
decently  
meaningfully  
I'm in misery

I could I go supersonic

the problem's chronic  
Tell me does life exist beyond it  
When I need to sate  
I just accelerate into oblivion  
Into oblivion yah yah yah yah yah yan
