Visit "[The Handshake](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Every time you shake someone's hand  
And it feels like your best friend  
Could it be that it's only superficiality?  
Without regard to well being without an inkling of  
compromise  
Handshakes are nothing but a subtle fuck you  
And contracts determine the best friendships

This is the way of the modern world  
Everyone's vying for patronage  
This is the way of the modern world  
And something has gotta give

Every time you shake someone's hand  
And you share neither color or creed  
You gotta overcome the obstacles of history  
There is restrained passion mistrust and bigotry  
And these have created the new foundations of society  
There's no harmony just class and race

This is the way of the modern world  
Everyone's fighting for dominance  
This is the way of the modern world  
And something has gotta give

Now I believe in unity  
And I am willing to compromise  
But I'm not gonna lie or sell my soul

Every time you shake someone's hand  
It determines where you stand  
And if you won't uphold your side then it's better to

Fend for yourself, fend for yourself, fend for yourself  
And shun the handshake  
Fend for yourself, fend for yourself, fend for yourself  
And shun the handshake  
Fend for yourself, fend for yourself, fend for yourself  
And shun the handshake

Someone's gotta give
